

TORNADO CRIPPLES WINDSOR

Terrorism Wave Grips Holy Land

Jerusalem, June 18 (AP)—Killings in a spreading wave of terrorism gripping Palestine mounted to 11 today following a house-long attack on Haifa's busy railway Monday night by a band of armed raiders. Two members of the raiding party, which set off 15 explosions in the Palestine railway's facilities in the port city before escaping over heavily mined roads, were reported slain Monday night by the yard's defenders.

Entire Village Arrested

Previously the government announced the six Jews were slain Sunday night in attacks during which all of Palestine's frontier bridges were wrecked. A British officer and two British soldiers also died, the officer while dismantling a mine under a bridge and the two soldiers in a clash with Arabs.

The British army, meanwhile, continued to question the 42 male residents of the village of Beit Haqar, on the Dead Sea, in connection with the wrecking of the bridges. Twelve other men and two women, one of them with a bullet wound in her chest, also are under arrest.

Police dogs led troops to the village, which they entered only after forcing the male residents at bayonet point. The entire population of the village attempted to bar the troops by firing guns and taking a stand.

Trains Service Disrupted

Workshops in the Haifa railway yards were damaged extensively by fire and explosion in Monday night's attack, which was carried out by British troops deployed through other areas of Palestine in an effort to halt the eruptions of violence.

Haganah, an illegal Jewish organization, distributed leaflets in Tel Aviv asserting that it was responsible for the Sunday night outbreak. The Palestine Post, the country's leading Zionist newspaper, deplored the violence, which it said served no purpose and risked no wrong.

Some Jewish papers said only two Jews were killed in the attacks on the night bridge, which left Palestine without train service to Syria and Transjordan. The railway over the Yarmouk gorge was destroyed, as was the famous Allenby span over the Jordan, a major link between Palestine and Transjordan.

UNION'S DEMANDS BAR SETTLEMENT OF COAST STRIKE

Vancouver, June 18 (CP)—Immediate settlement of the 35-day-old strike of 30,000 British Columbia loggers and millworkers failed today following new union demands which were promptly rejected by the operators.

The International Woodworkers of America (I.W.A.-C.I.O.) executive council last night announced it would recommend immediate return to work on the basis of the union's maintenance demands.

(1) The federal or provincial government agree to conduct a referendum vote of the I.W.A. membership on a proposed "modified union maintenance demands" referendum.

(2) The employers agree to accept "the democratic decision of our membership" as expressed in a referendum.

The I.W.A. decision settles nothing and merely postpones the strike which could be so simply terminated by acceptance of the union recommendations, said R. V. Stuart, spokesman for the operators.

The operators have flatly rejected the principle of "voluntary union membership."

The new clause which the I.W.A. wants is a formal contract clause of maintenance of present membership in the union and for entry of all men hired after the contract becomes effective. The clause would not apply to non-union workers now in the industry.

MOLOTOFF EASES PARLEY TENSION ON SOME ISSUES

Paris, June 18 (RUP)—The western powers will learn today whether V. M. Molotov's amiable and conciliatory manner will survive when the foreign ministers tackle their first controversial issue, the Italian preparations.

Molotov's willingness to compromise on small issues helped carry the big four ministers through their first two sessions in a new-found spirit of harmony.

If the Soviet foreign minister shows the same spirit when major questions of principle are raised, the conference may achieve success.

That was one issue over which the May conference broke down.

Outwitted Three Times

Yesterday Molotov yielded several times when he found himself outwitted by the three western powers on relatively uncontroversial economic questions pertaining to the Italian treaty. Afterward he drank champagne and dined with James F. Byrnes, Ernest Bevin and Georges Bidault.

On the agenda for today's plenary session are reparations, restitution of allied property by Italy, and economic and financial clauses affecting territories formerly occupied by Italy which have been denied to the allies.

Still looming ahead is the giant barrier of Trieste. Byrnes continued the crisis of the Italian treaty. It may make or break the conference. The Mihailovich trial in Belgrade, with its testimony eliminating any claim to a desire to see Marshal Tito's partisans eliminated, may strengthen the Soviet determination to win Trieste and all of Venezia Giulia for Yugoslavia.

NEW DRUGS GIVE HOPE TO LEPERS

Washington, June 18 (AP)—New drug weapons are helping to check leprosy and are giving patients a much brighter outlook on life, says Dr. G. H. Paped, head of the government's leprosy clinic at Carville, La.

His new drugs drop the "leprosy" family—prominence, shame and leprosy—now being used to isolate patients and subject them to the therapeutic attack against one of the world's oldest diseases.

HIDES FAMILY UNDER HAYSTACK

Windsor, June 18 (AP)—Daniel Puskas, of Sandwich West, Ont., saw the twister coming and he and his wife, Yolanda, and their two small children, Ethel, seven and Daniel, four, found a pile of hay near the house.

Fervently he burrowed a hole for children and his wife covered them over and then stretched his own body atop the pile. The twister hit.

It was too strong for Puskas to hold the hay down and the wind swept the haystack away leaving the family on the ground. The children were unhurt but the father was seriously injured.

A barrel fell on Puskas injuring him slightly. Mrs. Puskas was hit by a board and suffered a scalp wound.

CHURCH COLLAPSES DURING TORNADO—The Grace Baptist Church at Detroit was demolished late yesterday by the tornado which swept through the River Rouge area and took a heavy toll of life and property there and in Sandwich, suburb of Windsor, Ont.

MEMBERS PRESS FOR GOVERNMENT MOVE IN STRIKES

Ottawa, June 18 (CP)—A brick debate on Canada's labour troubles, highlighted by requests for government intervention in the auto strike and the through Columbia lumber dispute, held the spotlight in Commons discussion yesterday.

The debate developed on a government motion to go into supply and British Columbia, members on both sides of the house took the opportunity to call for appointment of a government commission to reopen British Columbia food container factories forced to close because of the lumber tie-up.

"At one point west of Blenheim," said George Stepiak of Toronto, "even inter-lake both sides of the highway leading a pathway for one line of traffic down the middle."

Another driver in the convoy—William Moore of Windsor—said they could see the wind tunnel "move up into the sky and then strike the earth again." Traffic was light he said, and what cars were on the highway were stalled.

William Cline of Toronto, a third driver, said that at Windsor he saw "as big as for cakes" come down and broke automobile windows.

Steapiak said they watched the storm approach for a half-hour. At one point he said it yanked a red-roofed house out of the air and hurled it into a ditch. The storm gathered up roofs of houses and tore down wires and poles. It picked up garbage bolls leaving the cars sitting unharmed in the open.

"We could see the funnel of the tornado as it drew up debris 500 feet in the air," Steapiak said. "One house containing two elderly people was completely demolished and both were killed."

Windsor Newspaper Affected By Storm

Windsor Daily Star had its biggest story in years Monday night but it was unable to turn out a copy.

The tornado struck out the newspaper's light and power.

To keep their efforts from being in vain, Star reporters and photographers turned over their notes and pictures to the Detroit Free Press, only morning paper in the area still able to publish.

The Star edition today was published at the plant of the Detroit News.

Debris Of Buildings Tossed 500 Feet High

London, Ont., June 18 (CP)—Three truck drivers who arrived in London at 4 a.m. today after a 10-hour trip from Windsor and were eye-witnesses to the tornado which struck at the city of Windsor late yesterday, described it as one of the worst spectacles they ever had seen. Travelling in convoy with several other trucks, one driver said it took them about two hours to find their way out of Windsor and onto the highway. He said they moved out of the city just after the storm struck.

On the highway they encountered a water-blocked road—impossible to smaller vehicles and almost a stumbling block to the heavier-built trucks and buses.

"At one point west of Blenheim," said George Stepiak of Toronto, "even inter-lake both sides of the highway leading a pathway for one line of traffic down the middle."

Another driver in the convoy—William Moore of Windsor—said they could see the wind tunnel "move up into the sky and then strike the earth again." Traffic was light he said, and what cars were on the highway were stalled.

William Cline of Toronto, a third driver, said that at Windsor he saw "as big as for cakes" come down and broke automobile windows.

Steapiak said they watched the storm approach for a half-hour. At one point he said it yanked a red-roofed house out of the air and hurled it into a ditch. The storm gathered up roofs of houses and tore down wires and poles. It picked up garbage bolls leaving the cars sitting unharmed in the open.

"We could see the funnel of the tornado as it drew up debris 500 feet in the air," Steapiak said. "One house containing two elderly people was completely demolished and both were killed."

Chinese Communists Do Not Want Marshall

Nanking, June 18 (RUP)—Communist leaders have rejected a Nationalist government proposal to give supreme power of arbitration to Gen. George G. Marshall.

Exact nature of the proposal was made public but it was thought the plan for the reorganization of the Communist armies and troops raised in Manchuria were the principal obstacles to its acceptance.

Dr. Faist at Toronto said he had talked to Windsor's medical officer—Dr. John Hower—and had been informed that while things were "under control" the question of continuous water supply was causing some anxiety because of the power-shut-down, which means that the pumps were not working.

WINDSOR COUNTS TOLL OF DEATH AFTER TORNADO

Windsor, Ont., June 18 (AP)—The list of identified dead in the tornado included:

Waldo Beaman, Ojibway, Ont., and her stillborn daughter, delivered by caesarian operation. Mrs. Nelson Jones, 45, of Ojibway, her son, Harold, 14, and daughter, Frances, eight.

Mr. and Mrs. Archie MacDougall of Ojibway, 15 and 70, respectively. Wallace, three, Sandwich West. Donna Marie Fox, two, daughter of Mr. and Mrs. Raymond Fox, Ojibway.

William Journeau, 40, of centerline, Mich., a Detroit Edison company worker electrocuted while repairing storm damaged wires.

Jean Bart, age unknown, died at Wyandotte General Hospital in Detroit of a heart attack which physicians said was induced by the storm.

Injured: Windsor's Metropolitan Hospital admitted 30 tornado victims, most seriously injured of whom are: Mrs. Edith Lambden, 26, and daughter Nancy, seven, and Gloria 12. Mrs. Stella Konoskiak, Joseph Clark, Mrs. Ethel Lake, Mrs. Deeno Botsman, C. Newton, Shirley Dupuis, nine, Edward Hoeselbrook, nine.

Taken to Grace Hospital were: Camper Sigrist, June Keenan; Mrs. Susan and her mother, Mrs. Ida Smith; S. L. Keenan; Carl Jones; Marvin Jones; Kenneth Jones; Peter McDougall; Nettie Seulliere; Isley Amley; Norma Sloan; Bern Steen; Arthur Perry; Raymond Fox; Mr. and Mrs. George Bolyant; Mr. and Mrs. Timko and Billy Timko.

Strike Notices Filed

Cleveland, June 18 (AP)—The National Maritime Union (N.M.U.) yesterday filed 30-day strike notices against seven Great Lakes steamship companies, asserting the companies either refused or ignored requests to discuss union demands for wage adjustments and a 40-hour work week.

Thirteen Dead, Homes Wrecked In Freak Storm

Windsor, Ont., June 18 (CP)—This western Ontario centre, home of more than 120,000 people, was a paralysed city today, lifeless and powerless, scores of its homes wrecked, perhaps a score of its people dead, and unknown numbers injured. Through its western areas of Ojibway and Sandwich, Windsor was struck last night—struck with almost atomic suddenness—by a tornado that whirled in from the north over the Detroit River, flattened a fatal track through Ojibway and Sandwich, travelled in an arc around the southern outskirts of the city, and vanished over Lake St. Clair. The whole thing took no more than 10 minutes.

JET OF METAL BOMB DEFENCE

Washington, June 18 (AP)—The United States army lifted the edge of a blueprint briefly today to disclose a fantastic weapon that may develop into a defence against atomic rocket or armoured space ships laden with atomic bombs.

It is a jet of molten metal which has an initial velocity of almost five miles a second.

Although still in the research and planning stages, the possibility of the horrendous new weapon has experts in the army ordnance department enthusiastic. They concede that adapting it to a robot anti-atomic jet defence is going to require a bit of doing, however.

This molten metallic jet—comparable in a way to what happens out of a tooth paste tube when squeezed, a patient ordnance spokesman explained—would travel at such a high speed that it couldn't be deflected. That is, it would go right through the armour plate of a plane flying an atomic bomb. Or it could punch an atomic rocket right on the nose.

LAST-MINUTE NEWS

Boy Accused of Arson By Hamilton Police

Arrested following lengthy investigations by local police, a 16-year-old student appeared before Magistrate James McKay on four charges of arson. He was remanded without evidence until June 18. The alleged offences extend over a period of over a year. It is claimed that on March 18 he set fire to the Chasman Building, Produce lumber yard and on March 18 the Alliance Lumber company's lumber yard. It is also alleged he started a fire at the home of Edward Tachman, 27 Bloor street and that a year ago he started a fire in the Queen Victoria school.

Seamen Await Shipowners' Decision

Toronto, June 18 (CP)—J. A. (Pat) Sullivan, president of the Canadian Seamen's Union said today union officers in Toronto and other Great Lakes ports were filled with sailors ready to go back to work. They were awaiting the decision of an operators' meeting on government-sponsored proposals to end the 35-day-old strike. If the operators reject the plan, the union will ask the government to take over and operate the ships.

Hamilton Escapes Damage in Storm

While a heavy downpour of rain fell here late last night it was of short duration and no flooding was reported in either the city or immediate vicinity.

Accused Man Committed For Trial

Appearing before Magistrate James McKay today on a charge of robbing the bank at Carleton Place, Ont. of \$784, Victor Brain, 34, Toronto, was committed for trial.

Terrorists Kidnap British Officers

Jerusalem, June 18 (RUP)—Three British officers were kidnapped at Tel Aviv today and an attempt was made to assassinate two British in Jerusalem as casualties in three days of Holy Land violence mounted to at least 18 dead and scores wounded.

Chrysler Workers Strike at Windsor

Windsor, Ont., June 18 (CP)—Employees of the Chrysler Corporation of Canada, Ltd., today went on strike and set up picket lines around the head office here. The strikers are members of the United Automobile Workers (U.A.W.).

Wednesday's Temperatures

Probable high temperature Wednesday 68 degrees, low 44.

Countless Buildings Razed By Storm's Destructive Force In Windsor—Detroit Districts

River Rouge Debris Blocks Wrecked

Debris Littered Street Near Theatre

Firemen Probe Ruins For Victims

WIND TORNADO URGED TO STOP

Controller Told To Save B.C. Crop

Ottawa, June 19 (CP)—The federal government today had under its direct control British Columbia sawmills and woodworking plants engaged in the production of containers for fruits and vegetables. Appointment of Gordon Bell of Vancouver as controller of the plants was announced in the commons yesterday by Labour Minister Mitchell in a move to prevent waste in the British Columbia crops. It is expected deputy controllers will be announced later.

Loggers Not Effected
In his statement, Mr. Mitchell made it clear government control of the saw-mill section of the industry was not considered a solution to the 36-day strike called by the International Woodworkers of America (I.W.O.A.). Chief Justice C. M. Sloan of the British Columbia Supreme Court will continue his efforts as an industrial dispute commissioner to settle the dispute.

Mr. Bell, who acted as controller in a strike at the American Can Co. in Vancouver last year, has broad powers under an order-in-council which is aimed particularly at a resumption of work in the box factories, rather than in the logging industry as a whole.

Personal Interference
The order, similar in its terms to that used for the appointment of a controller in the Can Company, Montreal, and last year, provides a possibility of \$50 a day for workers who fail to follow the controller's direction to return to work.

Persons interfering with the controller are liable to a fine of up to \$5,000 or five years imprisonment or both fine and imprisonment. In addition, \$250 a day for each employee is payable to the controller for each day of non-compliance. The order carries a maximum fine of \$200 for each employee who is not back to work at the rate in effect when the strike began. The order is aimed at increasing the rate of the negotiations to be retroactive to today.

TEL AVIV PEOPLE RAN FROM DOORS DURING CURFEW

Jerusalem, June 19 (AP)—The British army clamped down a strict curfew on Tel Aviv today as Palestinian terrorism increased. Jewish seacoast city for traces of violence. British troops were stationed in the city today.

Elsewhere in the Holy Land—Jerusalem—British troops were stationed in the city today. The British army clamped down a strict curfew on Tel Aviv today as Palestinian terrorism increased.

Midnighters Bought
Under the terms of the British curfew in Tel Aviv, no unauthorized persons will be permitted outside their doors. The British army clamped down a strict curfew on Tel Aviv today as Palestinian terrorism increased.

T.B. Vaccine Gives Some Protection
New York, June 19 (RUP)—Results of a six-year study among American Indians in four western states and in villages of southeast Alaska showed today that the vaccine B.C.G. gives definite protection from tuberculosis.

Riot Causes Death
Caracas, Venezuela, June 19 (AP)—One person was killed and at least 15 wounded last night in a rioting in a political rally in the capital. The riot was caused by the death of a political leader in the Venezuelan Congress.

Bottom Of Shaft Probed For Mine Victims' Bodies
Timmins, Ont., June 19 (CP)—Four men were sent to the bottom of a 400-foot shaft today to probe for the bodies of the three men who were killed in a mine explosion last night.

STORM'S DAMAGE HEAVY ON FARMS OF ESSEX, KENT

Chatham, Ont., June 19 (CP)—An estimated \$5,000,000 damage to crops in the southwestern Ontario peninsula between Lake Erie and Lake St. Clair, was caused today as a result of the disastrous tornado which swept Windsor Monday night. Farmers at and about a score of desolate crop land and attempts to salvage something out of it.

Staple Crops Ruined
In the flat peninsula of Essex county, Ontario and tobacco crops, staples of the area, were wiped out. At least 100,000 acres of corn, 50,000 acres of soybeans and 10,000 acres of wheat were ruined.

Flood Waters Today
Flood waters today covered sections of No. 2 Highway between Chatham and Windsor to a depth of four feet and traffic between the two cities was stopped.

Premier Intends To Open Memoirs
Ottawa, June 19 (CP)—Parliamentary circles generally expected today that Prime Minister Mackenzie King will announce his intention to publish his memoirs.

Provinces Told Ottawa Supreme
Ottawa, June 19—Justice Minister St. Laurent last night gave the provinces a message of reassurance that the federal government's proposed B.N.A. Act amendment is sought to authorize a new method of appointing judges to the Supreme Court.

Transporting War Brides Proves Puzzling Contract
Ottawa, June 19 (CP)—Cupid has caused some queer muddles in his own mind, the transport of war brides from Europe and Canada is a puzzle.

TORNADO LEAVES PATH OF DESTRUCTION—The path of the swirling tornado which struck Sandwich, East Ont., Monday evening is illustrated in the picture taken yesterday from an aeroplane. Many houses were leveled and debris strewn pell-mell but one, evidently at the edge of the tornado's course, was lucky enough to escape damage, according to this view.

EXPLOSION RAZES 2,000 HOUSES IN JAPANESE TOWN

Tokyo, June 19 (AP)—Two mine explosions and a railroad accident left 125 Japanese dead, missing or injured today.

Five in Critical Condition
There were fears that possibly five of the injured still receiving treatment in the city's three hospitals might join their relatives and neighbors in death. They are clinging to life by a narrow thread.

Funeral services
Funeral services for most of the dead will be held tomorrow. One will be a mass funeral for four members of the Nelson Jones family—Mrs. Jones, two sons and a daughter. Mr. Jones himself is in critical condition and may not recover.

Police Refuse To Disclose
The police refused to disclose the names of the victims of the explosion. They said that the names of the victims would be disclosed only after the investigation was complete.

Windsor Recovering From Tornado Shock

Windsor, Ont., June 19 (CP)—The first, bearing shock of swift tragedy eased today and Windsor again took up the normal threads of life—although still mourning 14 residents of suburban areas who lost their lives in the fierce tornado which twisted like a bouncing ball on a destructive path about the city's outskirts late Monday.

Five in Critical Condition
There were fears that possibly five of the injured still receiving treatment in the city's three hospitals might join their relatives and neighbors in death. They are clinging to life by a narrow thread.

Funeral services
Funeral services for most of the dead will be held tomorrow. One will be a mass funeral for four members of the Nelson Jones family—Mrs. Jones, two sons and a daughter. Mr. Jones himself is in critical condition and may not recover.

Police Refuse To Disclose
The police refused to disclose the names of the victims of the explosion. They said that the names of the victims would be disclosed only after the investigation was complete.

SOVIET ADAMANT ON REPARATIONS FROM ITALIANS

Paris, June 19 (RUP)—The Big Four foreign ministers cautions tonight a path of progress through minor issues today after running headlong into the stern obstacle of Italian reparations.

Unable to break the month-old reparations deadlock
The ministers stepped around the barrier on to easier ground. Today they were scheduled to discuss relative minor economic aspects of the Italian treaty. These include restitution of allied property seized by Italy and economic clauses affecting territory ceded by Italy.

Reparations Issue
The reparations issue was talked out yesterday in vain. It was said today that no indication when it would be brought up again. All the other issues were discussed and the Big Four should drop all reparations issues against Italy, leaving as the only outstanding issue the reparations to the smaller countries, which suffered heavily at Italian hands.

Budget Nearly Ready
Ottawa, June 19—Finance Minister Flanagan announced today the budget for 1946-47. The budget is expected to be presented to the House of Commons on Thursday or Friday.

Bones Re-elected
London, June 19 (RUP)—Edward R. Bruce was re-elected today as president of the Commonwealth Association by the constituent assembly.

Lake Operators Refer Problem To Government

Ottawa, June 19 (CP)—Scene of developments in the Canadian Seamen's Union strike today shifted back to the capital, where labour department officials conferred on the advisability of taking over control of lake tankers and coal carrying ships to ease a tensioning fuel situation. On hand to supply Labour Minister Mitchell with a report on latest developments in the situation was J. S. McCullagh, assistant director of labour department's industrial relations board, who left Toronto last night following a meeting at which 25 ship owners rejected federal government proposals for a settlement of the strike.

FEAR 100 DEAD AS AMMUNITION DUMP EXPLODES

Celle, Germany, June 19 (RUP)—Military authorities reported today that more than 100 workers—Germans and displaced persons including Russians—might have been killed in an explosion at the biggest underground ammunition dump in the British zone of Hannover.

Flames which touched off the explosion
Flames which touched off the explosion cracked uncontrolled today through the dump in the Hanover salt mine near Celle and 20 miles northwest of Hannover. Military officials said the fire this afternoon was creeping toward 3,000 tons of all types of German artillery ammunition stored in the salt mine.

All non-essential persons
All non-essential persons were evacuated from the area last night by British troops. The fire started in a hut on the surface near the mine shaft. It quickly spread underground despite the efforts of work detachments and British and German fire services.

Five Spread Quickly
Eighty Germans and 25 displaced persons were called to work on the explosion occurred. Authorities feared all were lost. One British soldier on the surface was injured slightly.

Time of the explosion
About 10,000 tons of ammunition were in the mine. Explosives were being carried from underground storage chambers by the British troops. The fire started in a hut on the surface near the mine shaft. It quickly spread underground despite the efforts of work detachments and British and German fire services.

Seeks Haven In Cyprus
Limasol, Cyprus, June 19 (RUP)—A Greek Cypriot leader today said that he would leave Cyprus for the island of Rhodes, Greece, to escape the British occupation of the island.

LAST-MINUTE NEWS

Three American Tourists Injured
Three American tourists from Kingston, Rhode Island, were injured today when the car in which they were riding crashed into a heavy laden transport car at Chappin's Corner. The tourists were Mrs. Ann Genger, Mrs. Deane Botsch and Mr. A. B. Botsch. The car was driven by a local driver.

Burglars Escape With Jewellery
Burglars yesterday broke into the home of Stanley E. Job, 125 Mullock street and fled with several pieces of jewellery, including two watches.

Fourth Member Of Beeman Family Dies
Windsor, Ont., June 19 (CP)—Miss Beeman, 25, died in hospital today and the death toll mounted to 10 from the fierce tornado which whirled on a destructive bombing-bomb course about the city's outskirts late Monday. She was the fourth member of the Beeman family to be killed in the disaster.

Bodies Of Three Recovered In Mine
Timmins, Ont., June 19 (CP)—Bodies of three miners who plunged to their death last night in a mine explosion were taken from the wreckage in the mine (pit) below the 400-foot level.

Four Red Cross Workers Returning
Four Red Cross workers from this city will be arriving back on the s.s. Lady Rodney when she docks at Halifax according to a dispatch from Montreal. They are Misses M. A. Anderson, E. O. Fox and M. M. Lord. The vessel will also carry service personnel of the three forces.

Naples Train Wreck Causes 17 Deaths
Naples, June 19 (CP)—At least 17 persons were killed and 70 injured in a train wreck in the Naples area today. The wrecked train was carrying a large number of passengers.

Truman Urged To Safeguard Cities
Washington, June 19 (RUP)—The need for medical preparedness in strategic areas vulnerable to attack by atomic bomb was pointed out to President Truman today by an eight-man committee of industrial, medical and military experts.

Motorcyclist Killed In Crash
Hull, Que., June 19 (CP)—Anthony Louis, 24, of Westboro, Ont., was killed today when his motorcycle was struck by a car.

Thursday's Temperatures
Predicted high temperatures Thursday 10 degrees, low 5.
